

Enhanced Virtual Meetings

Microsoft Lync is all you need for both spontaneous and scheduled meetings with colleagues, customers and partners. Gain operational and productivity efficiencies while staying connected.

- **Join or Schedule Online Meetings.**
Integration with Exchange allows for single-click scheduling directly from Outlook, with predefined conferencing properties that meet the needs of a majority of users without any modifications. Participants can join meetings directly from Outlook or from their Lync PC client.
- **Desktop and Application Sharing**
Presenters can broadcast visuals, applications, web pages, documents, software or any part of a desktop to conference participants.
- **Virtual Whiteboard**
Online meetings become more effective with the use of a virtual whiteboard, allowing presenters to draw, add text and highlight information with powerful and flexible annotation tools.
