

Web Hosting From CenturyLink

Affordable. Reliable. Powerful.

Security. Scalability. Capability. Web hosting from CenturyLink has it all. Our 50+ data centers are SSAE 16/ISAE 3402 Type II-compliant and backed by the power of CenturyLink, global powerhouse in Internet and data security. That means your site will load fast, stay up, and remain safe. All at a price that's competitive.

Benefits

- Reliability you can trust with a 99.9% UNIX[®] uptime SLA, built-in redundancy, and automatic backup and restore.
- Our data centers give you plenty of room to stretch out.
- Get free access to webmail, FTP and more.
- Administration is simple with our Management Console
- It's all backed by the strength of CenturyLink's diverse internet backbones and global server network.

Where Capability Meets Safety.

Malware. Viruses. Difficult management. And the dreaded downtime. Web hosting from CenturyLink protects you from them all with:

- **More space:** 50 and 100 GB of storage for a website as impressive as your business.
- **More functionality:** Get the webmail boxes you want, the FTP accounts you need, and the unlimited bandwidth that makes it all possible.
- **Analytics:** Google Analytics helps you stay targeted and strategic by allowing a view into who's visiting your site and where they're going.
- **Security:** From daily server backups to redundancy to biometric physical security of our data centers, your site will be safe.
- **Centralized Management:** Our Management Console is a one-stop, global dashboard of everything you need to stay on top of what your site is doing.

Ongoing, Online Support and Live Guidance Available With FastForward OnboardingSM and More

When you choose web hosting from *CenturyLink*, your support doesn't end with the go-live of your site. With our free FastForward Onboarding, you can customize the level of help you need. Whether it's Self-Service Activation assistance with our numerous Knowledge Base articles, community and Product Manuals or more hands-on help with our Guided Activation live appointment for an introduction to your products and Management Console, FastForward Onboarding gets you up, running, and enjoying greater ROI quicker than ever. And our 24/7 phone and chat support provide you the ongoing guidance you need, whenever you need it.
